WORK EXPERIENCE

Junior Front-end Developer

Mar 2024 - Present

Hunchha Digital | Sunsari, Nepal

- Designed and implemented user interface components for the E-Parliament Web App and a SaaS-based Payroll Management System, strictly adhering to project specifications and client requirements, significantly enhancing the overall aesthetics and usability of both applications.
- Developed and maintained the E-Parliament Web App, with a focus on secure document handling and real-time collaboration features, ensuring seamless and efficient parliamentary operations.
- Integrated APIs for the Seamless Payroll and Attendance System, enabling seamless authentication, authorization, data retrieval, manipulation, and visualization functionalities. Automated reporting features, resulting in a 40% reduction in manual work.
- Contributed to the scalability and performance optimization of the Seamless Payroll and Attendance System, ensuring it could efficiently support an expanding user base.
- Collaborated with cross-functional teams (including backend developers and designers) to ensure seamless integration of front-end components with backend services, resulting in improved project delivery times and reduced development bottlenecks.

Front-end Developer Intern

Dec 2023 - Mar 2024

Hunchha Digital | Sunsari, Nepal

- Collaborated with the development team to identify and address UI issues in the Dispute Resolution Platform, resulting in improved user experience and visual consistency.
- Designed and implemented remaining user interface components, adhering to project specifications and client requirements, enhancing the overall aesthetics and usability of the application.
- Implemented API integrations for user management, dashboard, and dataset sections, enabling seamless authentication, authorization, data retrieval, manipulation, and visualization functionalities.

EDUCATION

Bachelor of Information Technology (BIT Hons.)

2021 - 2024

Padmashree College (Kathmandu, Nepal)

+2, Science (Intermediate)

2018 - 2020

Pentagon International College (Kathmandu, Nepal)

PROJECTS

Hajir-Khata

[View Website](#)

- Developed a seamless payroll management and attendance tracking system using React JS, featuring a dynamic data visualization dashboard, payroll management, attendance tracker and report generator, with authentication features for secure user access.

Billing System

[View Website](#)

- Developed a comprehensive billing system using Next JS, featuring inventory management, a dynamic data visualization dashboard, and PDF generation, with authentication features for secure user access.

WorkSpace Nepal

[View Website](#)

- Developed a versatile platform using Next JS, featuring dynamic search functionality, user authentication for secure access, and a seamless interface that connects property owners with tenants and employers with job seekers.
